OVERVIEW:

The 110 Elite Precision is the pinnacle of Savage designs and is now offered in a left hand configuration for southpaw shooters. We've begun with the time tested Model 110 action and then rethought every aspect of the rifle. The overhaul includes all of the upgrades demanding shooters make to their long range tack drivers. The 110 Elite Precision has an Adjustable Core Competition chassis from Modular Driven Technologies (MDT). From its full length ARCA rail to its titanium nitride coatings, this is a rifle built for a lifetime of Elite Precision.

PART #	CALIBER	BARREL LENGTH	TWIST RATE	OVERALL LENGTH	CAPACITY	WEIGHT (LBS)	MSRP
